

Teen Summer Camps

Why would you choose our camps?

Our summer camps are teen led! Activities and outings are based on teen's interests and strengths. We provide a calming environment, with support from highly trained staff, and an understanding of your teen's needs. Our camps provide opportunities to connect with peers, develop social and life skills, and explore their community! Some activities include:

- *Last summer teens chose outings including: Bowling, Southgate Mall, Telus World of Science and more!*
- *Teens had the opportunities to develop skills such as: planning their own lunches- shopping and the grocery store and cooking/ baking their own food, and practiced using public transportation.*

Campers aged 15 - 18 - Full day program

More Information Coming Soon!

Follow us on Facebook and Twitter for updates and more information about our camps coming soon!
