and Part 3 (March 15, 2021)

Children's Autism Services of Edmonton would like to invite you and your staff to join us for **Part 1** of our **Annual Conference Mini-Series** on **October 22 and 23, 2021**. We are going virtual and taking advantage of this opportunity to bring some amazing speakers to you through distance technology.

Our theme this year will be **"Re-thinking What We Know."** The pandemic has challenged us to think in new and different ways and we will be exploring that topic with our speakers.

Since 2008, we've been hosting the largest autism conference in Western Canada. We have presented numerous international experts in the field of autism and continue to attract hundreds of industry professionals and parents to our conferences each year.

This event will showcase important classroom ready tools and resources for education and health care professionals in our community.

Conference speakers include:

Raelene Finlayson

Shelley Moore

Emily Rubin

Kelsey Penney

Charlene Assenheimer
